## Introducing fast color performance to your office.

Blazing a new trail among fast, affordable, easy-to-use color laser printers, the Xerox Phaser 6180 delivers the speed and print quality today's small to medium-size businesses have been waiting for. High-performance features and unparalleled ease-of-use deliver spectacular results, page after page.

### Step up the pace

**The Phaser 6180 laser printer gets your jobs out quickly. Very quickly.**

- A print speed of up to 20 ppm in full color brings your work to colorful life without slowing you down.

- Print black-and-white — even complex or large jobs — at up to a speedy 26 ppm thanks to a powerful 400 MHz processor.

- A first-page-out time as quick as 10 seconds means your job's out faster than your trip to the printer.

- Flexible connectivity options, such as 10/100Base-TX Ethernet, USB, parallel and optional wireless adapter, give you the power to support the printing needs of your entire office.
### Unleash your potential

**With vibrant, true-to-life colors and crisp text and image definition, the Phaser 6180 prints like a pro.**

- A print resolution of up to 600 x 600 x 4 dpi delivers sixteen shades of color per pixel, producing exceptional photographic quality.

- Emulsion Aggregation (EA) High Gloss toner uses smaller, more uniform toner "particles" to bring more detail and clarity to every image.

- True Adobe® PostScript® 3™ print language ensures bright, vivid, accurate colors and graphics.

- Onboard color capabilities, including PANTONE® Color approved solid-color simulations, Xerox color correction technology and expert calibration tools, automatically give you the right color or let you fine-tune colors for special applications.

- With the onboard duplexer (standard on DN configuration), the Phaser 6180 gives you fast, automatic two-sided printing.

- The 60,000-page-per-month duty cycle easily handles your demanding workload.

*The user-friendly control panel features convenient onscreen status and toner-level indicators.*

**Designed to adapt to the dynamic needs of today's small to medium-size businesses.**

**1** *The 150-sheet Tray 1 (MPT) supports a wide range of custom media and sizes.*

**2** *A generous 250-sheet Tray 2 feeds up to 80 lb. cover (220 gsm) media.*

**3** *Add an optional 550-sheet feeder for a total input capacity of 950 sheets.*

**4** *Fast, money-saving, two-sided printing is standard on the DN configuration.*

**5** *Standard 128 MB memory is upgradable to 1,152 MB, allowing for seamless printing of even the most demanding, graphic-heavy print jobs.*

## Work hard, print easy

**From installation to everyday operation, the Phaser 6180 laser printer provides a wealth of features to make office life easier.**

- Included installation software is extremely fast and easy, getting you up and running in minutes with no IT required.

- Keep tabs on print jobs and get quick access to online support from the comfort of your chair with CentreWare® IS Embedded Web Server which works seamlessly with your browser.

- The front-panel toner gauge provides a quick, visual check of current toner levels, and user-friendly front access means no more moving the printer to replace supplies.

- Less consumables to change for greater ease-of-use.

- Built-in support for Apple Bonjour™ and included Mac drivers make the Phaser 6180 a true team player in PC/Mac environments.

- PrintingScout™ saves precious time by tracking print jobs and providing immediate print-issue alerts with correction suggestions.

- Super-quiet operation makes the Phaser 6180 laser printer office-friendly.
